SONY

Wear  
your style.

The new Wearable Walkman™ MP3 player by Sony

RIGHT AT  
THE HEART  
OF MUSIC

Launching you straight into the heart of musical enjoyment, this new MP3 Walkman™ fuses Sony's reputable EX headphone technology and audio expertise into a breakthrough one-piece design. Dispensing away with cords, it lets you wear your songs and moves in style! Up your cool factor and groove fluidly without breaking a step! What's more, its inbuilt ZAPPIN™ function lets you browse through all your tracks quickly, thus ensuring that you'll always be pulsating to your favourite tracks in a heartbeat, and with extended battery life, hours on end. Available in five zesty colours that radiate pure attitude, you're bound to find one that matches your wardrobe. Dress up your love for music with the Wearable Walkman™ today!

**ZAPPIN™**

Searching for your favourite song has never been easier and more fun! With the press of an ergonomically positioned button, ZAPPIN™ enables you to "ZAP-in" to preview the chorus of the next track for 4 seconds, making it easy to browse and find the track you want. Found your tune? Simply press the button again to "ZAP-out" to start playback from the beginning. Now, you can truly enjoy your favourite music without disrupting your movements or momentum!

<sup>1</sup> Song length may vary preview portion.  
<sup>2</sup> 15-second Long Mode preview available.

**EX Headphone Technology**

Leveraging on Sony's reputable headphone technology, this Walkman™ features highly responsive 13.5 mm driver units, pumping out bass and treble in perfect clarity over a wide dynamic-range. Moreover, its comfort-driven ear bud design and unique positioning creates snug aural chambers whenever you adorn them, bringing high-fidelity sound ever closer to you.

<sup>1</sup> Small, medium and large ear buds are supplied to provide maximum comfort for all sizes.

**Quick Charge Technology**

Leaving for a run in minutes but the battery in your Wearable Walkman™ is flat? Then it might cheer you up to know that with Quick Charge technology, it only takes a 3-minute charge to render you 90 minutes of blissful music on the go.

**Store Up To 480 Songs**

With a 2GB capacity, you can now segment and plan your songs to suit your activities.

<sup>1</sup>The approximate times are based on the transfer of 4-minute MP3 format songs.

Maximum number of recordable songs and duration <sup>1</sup>	
MP3 Bit Rate	Number
128kbps	480
256kbps	240
320kbps	190

**Drag-and-Drop Function**

Transfer your audio files (MP3, WMA and AAC-LC) effortlessly via Drag-and-Drop (PC) or Windows Media Player 10/11.
